Eterna pavers with ColorBold™ technology as an integral part of this product provide a new level of color longevity and stain resistance, while our Elite Finish™ delivers richer and more vibrant color and a harder wearing, more durable and smoother textured surface.
Eterna is the most modern and advanced paving system from Oaks, featuring our Elite Finish™ and ColorBold™ technologies to deliver the ultimate blend of aesthetics and performance in a sleek pavement system. Elite Finish™ is an advanced manufacturing process that delivers richer, more vibrant color and a harder wearing, more durable and smoother textured surface. ColorBold™ is an integral treatment employed during manufacturing that provides a new level of color longevity and stain resistance. Eterna’s three modular sizes and individual packaging offer vast patterning possibilities to a fresh color palette of core and special order colors. When demanding urban conditions call for a dependable interlocking pavement system, Eterna provides the complete solution.
